Available packaging:

15.0 kg	3.0 kg

Product description

Garvo Alfamix rabbit is a varied muesli for (dwarf) rabbits of all ages. The muesli contains all the nutrients that rabbits need throughout the year. A healthy rabbit shines, is strong, feels good in its fur, and has a perfect hormonal balance. Alfamix Rabbit supports this health with a well-balanced protein composition and other building blocks. Lecithin ensures that any excess energy is converted into warmth rather than forming large skin folds or a dewlap. The feed also contains a carefully selected combination of acids, herbs, primitive minerals, and yeasts that naturally protect the rabbits. The mix of vegetable oils contributes to good fertility, a beautiful coat, and problem-free molting.

Feeding advice

- 1025 alfamix rabbit and 5062 alfamix rabbit are balanced feeds. Supplementary feeding can disrupt the balance between the various nutrients. If you still like to give your rabbits a little extra, keep the quantity limited
- For large rabbit breeds, mix 1025 alfamix rabbit or 5062 alfa chunk
