- **Complete muesli for donkeys from young to old**
- **A good balance of energy, building materials, and protective substances**
- **With biotin for support of skin, coat, and hooves**

Available packaging:

20.0 kg

Product description

Garvo Alfamix donkey is a tasty and varied muesli for donkeys of all ages. The muesli contains all the nutrients that donkeys need throughout the year as a supplement to good-quality roughage. Although donkeys are related to horses, they definitely need different food. 1035 Alfamix donkey is precisely tailored to their special needs for a healthy body and mind. Donkeys use their sense of smell, touch, and taste to gather information about their environment and find tasty treats. They naturally spend the whole day searching for their food: thistles, herbs, coarse grasses, and other rough materials. They use their food very efficiently and extract the maximum from meager nutrition. Often, with the best intentions, they are overfed or given too one-sided roughage: hay and grass. In most pastures, mainly ryegrass grows. Too much ryegrass is too one-sided and too protein-rich for donkeys. Fibers form their basic ration, and straw provides an excellent source of fiber for their structural needs. Structurally rich hay can be used but is also quite protein-rich. 1035 Alfamix donkey contains the

necessary vitamins, minerals, and amino acids that donkeys do not get enough of from roughage alone. This creates a good balance between energy, building, and protective substances.

Feeding advice

- give unlimited straw and possibly some structural hay
- complete the ration with 300 – 500 g 1035 alfamix donkey per day
- give more 1035 alfamix donkey if it's cold outside or they work
- double the amount of 1035 alfamix donkey with highly pregnant or lactating donkeys
- supplement for variation now and then sparsely, for example with carrot, apple or pre-soaked beet pulp, and then give at the next feeding perhaps somewhat less 1035 alfamix donkey, depending on the amount and nutritional value of the supplement
- make sure there's always fresh drinking water

Composition:

oatbran, alfalfa, barley, maizeflakes, barleyflakes, sunflowerseed striped small, apple molasses, black oats, sunflowerseed black, soya dehulled extracted toasted, soja oil, rape seed extracted, shell grit, peasflakes, timothy cobs, lecithin, linseed oil, potatoprotein, beet pulp, st. Johnsbread, rice

analytical constituents/kg

crude protein 10,5 %, crude fat 6 %, crude fibre 17,8 %, crude ash 8,2 %, calcium 12,18 g, phosphorus 5,51 g, sodium 4,39 g

Addition/kg Vitamins

3a672a Vitamin(e) A 13560 IU, 3a671 Vitamin(e) D3 1356 IU, 3a312 Vitamin(e) C 21 mg, 3a700 Vitamin(e) E 417 mg, 3a316 Vitamin(e) B9 Folic acid 4 mg, 3a880 Biotin(e) 5969 mcg

Addition/kg Traces

copper (3b413 Cu(II)chelate of glycine hydrate, solid) 24 mg, zinc (3b607 Zn-chelate of glycine hydrate) 121 mg, manganese (3b506 Mn-chelate of glycine hydrate) 121 mg, iron (3b108 Fe(II)chelate
