Product description

The 1090 Alfamix Hedgehog is a complete food suitable for all hedgehogs. It is a feed specially developed to keep hedgehogs strong and healthy. This beautiful blend is enriched with high-quality ingredients, including juniper berries and krill. Garvo also adds essential vitamins and minerals to this mix, ensuring that hedgehogs receive all the necessary nutrients.

In the UK, there are many hedgehogs in the wild and in gardens. In collaboration with caregivers and hedgehog enthusiasts, Garvo has developed a feed that meets all the needs of these adorable animals. In the past, there was enough food for hedgehogs, such as insects and berries, to survive.

In recent years, however, it has become increasingly difficult for

Questions about this food?

hedgehogs in the UK to find enough food, which is why it is of great importance to feed them. While they search for berries, various insects, occasionally a small mouse, and even eggs in the wild, the 1090 Alfamix Hedgehog offers a responsible alternative. This hedgehog food contains the right ratio of vitamins and minerals for a balanced diet. It is a diverse blend that contains all the nutrients hedgehogs need for a long and healthy life.

Garvo has tried to stay as close as possible to the natural dietary needs of hedgehogs, which is why this hedgehog food includes ingredients such as juniper berries and krill, which provide a valuable source of animal protein.

Feeding advice

- Feed the 1090 Alfamix Hedgehog year-round.
- Ensure that the food is always available so that hedgehogs can eat as needed.
- Fresh water must always be available for the hedgehogs.
