complete grain mix with whole grains for adult chickens

- **High-quality chicken feed**
- **With a rich variety of whole and broken seeds**
- **For natural high resistance**

Available packaging:

20.0 kg	4.0 kg

Product description

Alfamix Chickens is a complete premium grain mix for adult chickens. In addition to pellets, it offers a rich variety of high-quality whole and cracked seeds. The complete chicken feed is composed of pellets, seeds, and vegetables in such a way that it naturally supports healthy chickens with strong immunity. Alfamix Chickens is suitable for all (adult) chicken breeds. Thanks to the natural nutrients in the feed, the eggs have a full, natural taste and a delicious ochre-yellow yolk.

Feeding advice

- feed fresh food daily, no more than the chicks or chickens can eat. This prevents selective eating behavior
- make sure there's always enough stomach gravel and chicken grit, unless the chicken grit is in the total feed
- give fresh water every day
