

5034 Alfamix bantam chickens

complete mixture of broken grains, mini pellets and grit for laying bantam chickens and roosters

- With tasty 2mm pellet for good acceptance of the feed
- With stomach gravel to support digestion
- With trace elements in chelate form for better absorption

Available packaging:

20.0 kg

4.0 kg

Product description

The 5034 Alfamix bantam chickens is a mix of cracked grains, mini pellets, and grit. Suitable for all (laying) bantam hens and roosters. Thanks to the cracked grains and mini pellet (2mm), it is a finer mix than the 5033 Alfamix chickens, making it an ideal base mix for all bantam chickens. Easily digestible oyster shells are added to the mix. This supports healthy bones and strong eggshells.

- With trace elements in chelated form for better absorption
- With natural colorants (marigold and paprika) for nice yellow legs and yolk
- With shell grit (as a well-absorbed calcium source) for healthy bones and strong eggshells
- With tasty 2mm pellet for good feed acceptance
- With grit stones (as gizzard stones) to support digestion

Feeding advice

- for (laying) bantam chickens
- feed fresh food daily, no more than the chicks or chickens can eat.

Questions about this food?

This prevents selective eating behaviour

- make sure there's always enough stomach gravel and chicken grit, unless the chicken grit is in the total feed
- give fresh water every day

Composition:

maize cracked, maize gluten feed, cut wheat, wheat, rape seed extracted, shell grit, dari red, alfalfa, broken peas, oats peeled, maizemash, sunflowerseed black, carrot pellets, buckwheat, stomach grit, soya dehulled extracted toasted, soybeans toasted

analytical constituents/kg

crude protein 13,0 %, crude fat 3,2 %, crude fibre 5,3 %, crude ash 12,6 %, calcium 35,06 g, phosphorus 5,55 g, sodium 1,54 g, lysin 6,72 g, methionin 2,28 g

Addition/kg Vitamins

3a672a Vitamin(e) A 10000 IU, 3a671 Vitamin(e) D3 2000 IU, 3a700 Vitamin(e) E 48 mg

Addition/kg Traces

copper (3b413 Cu(II)chelate of glycine hydrate, solid) 9 mg, zinc (3b607 Zn-chelate of glycine hydrate) 30 mg, manganese (3b506 Mn-chelate of glycine hydrate) 60 mg, iron (3b103 Fe(II)sulphate monohydrate) 43 mg, iodine (3b202 calcium iodate anhydrous) 1 mg, selenium (3b812 Se-organic CNM 1-3399) 0.1 mg

Addition/kg

2a160c capsanthin (pepper) 26.3 mg, 2a161b lutein(e) (marigold) 3.1 mg
